

FC Sarasota weekly news & updates

Visit our Website

Hello Everyone,

I hope you are all coping well and are pleased to be in Phase One of our return to some sort of normality. Try not to crowd the beaches too much and wear your sunscreen :)

Last week we discussed the technique of dribbling. Almost all the exciting players are good dribblers of the ball. Let's also recognize that dribbling involves a risk - a risk of being dispossessed. The risk is associated with the areas of the field. Dribbling in the defending area of the field is high risk. Dribbling in the attacking area of the field is low risk and should be encouraged. Players who are confident and have all the dribbling attributes and do so in the attacking area of the field, are invaluable to a team.

This week let us concentrate on the technique of ["Running with the Ball"](#).

Be good, be safe and take care.

All the best,
Coach Hall

AGM Update

Updates on Return to Play

FYSA recently announced that the return-to-play will be when the Governor determines that Florida is in Stage 3 of the state's reopening plan. The soonest that this can occur is June 1st but will depend on how the first two stages progress.

Please note that while they have provided a timeline for return-to-play, we are still waiting for FYSA to provide us with mandated guidelines that we will have to follow to reopen. We are also waiting for

The FC Sarasota Annual General Meeting is re-scheduled to take place on Wednesday, May 18th, 2020 at 6:30 p.m.

Please click here for the AGENDA

Sarasota County Parks and Recreational to provide us with an update on reopening the fields and their guidelines to do so. Parks are still closed for reservations through May 18th. US Club is still stating May 15th to return-to-play but currently have not released guidelines.

Please know that while we are looking forward to the day we can return back to the fields, we must follow the directives from our governing bodies and the local parks and recreation.

Regards,
Mary Mixon
Administrative Director
